Did you know Alro also offers online shopping and e-business solutions for all of our customers? Visit the Alro Online Store from your computer or mobile device 24 hours a day. Set up your company account and purchase metals and plastics from our vast inventory.

Alro utilizes systems technology to achieve the benefits of e-Business in raw material procurement processes.

- **Business to Business (B2B) – Helps reduce purchasing transaction costs.**
- **Web Ordering (MyAlro.com) – Helps with material selection, quoting and estimating.**
- **Automated Inventory Replenishment (APOS) – helps reduce Kan Ban replenishment costs**
- **Summary Billing – helps reduce admin costs of processing raw material payables**
- **Advance Shipping Notices – helps reduce receiving time**

Alro computers retrieve business information from customers/vendors computers via the internet. During the process we pickup and deliver electronic business documents. This process typically does not require any programming on the part of our customers, as Alro systems are designed to accept virtually any customer document format. Some examples of these documents are as follows:
